

Great Wood Home Learning Recommendations

Year 6 29th June to 3rd July 2020

Hello, 6L and 6P children learning from home – we hope you are all well and keeping active. This week's home learning continues to make use of the Oak National Academy online classroom and includes more opportunities for you to explore and think about your transition to high school. It is important that if this work brings up any worries that you talk to an adult (e.g. parent, grandparent or ask your parent to email Mr Lamb to arrange a phone/video call oliver.lamb@greatwood.lancs.sch.uk). **We recommend that these transition activities are prioritised over all of our other home learning suggestions.**

Thank you again for all your work and photos that you continue to send in. Keep up the good work! ☺

Maths.

Warm up with 5 minutes on Times Tables Rock Stars. Remember, practice will improve your speed and proficiency.

For this week's maths sessions, you are going to use the Oak National Academy (online classroom) lessons, which will continue to focus on measures. If you have finished the lesson and would like to practise additional maths skills, or you are struggling to understand the lesson, continue to explore the diagnostics arena or the recommendations wall on IXL. Just remember to click on, "I don't know this yet" if you are stuck and the site will lead you to more accurately pitched skills so you can progress from there.

Monday	Tuesday	Wednesday	Thursday	Friday
Problems with units of area. https://classroom.thenational.academy/lessons/problems-with-units-of-area	Volumes of cubes and cuboids. https://classroom.thenational.academy/lessons/volume-of-cubes-and-cuboids	Convert between standard units of mass. https://classroom.thenational.academy/lessons/convert-between-standard-units-of-mass	Solve problems involving calculation of measure. https://classroom.thenational.academy/lessons/solve-problems-involving-calculation-of-measure	Calculate the area of parallelograms and triangles. https://classroom.thenational.academy/lessons/convert-between-units-of-time

English.

In this unit of work, you will have the opportunity to develop the skills that are required to write a letter of complaint. You will think about a place that you have visited and how the experience could have gone wrong or think about an item that was bought that was not as expected. Use this experience to inspire your letter of complaint. Follow the web links below to each lesson and **send us your letter on Friday.**

Monday	Tuesday	Wednesday	Thursday	Friday
In this lesson, you will answer fact retrieval questions. https://classroom.thenational.academy/lessons/letter-of-complaint-reading-focus	In this lesson, you will make inferences and support them using evidence from the text that you have read. https://classroom.thenational.academy/lessons/letter-of-complaint-reading-focus-b88239	In this lesson, you will identify the key features of a letter of complaint. https://classroom.thenational.academy/lessons/letter-of-complaint-identifying-the-features	In this lesson, you will practice using a range of clause structures that will support your letter writing. https://classroom.thenational.academy/lessons/letter-of-complaint-clause-structures	In this lesson, you will write your own letter of complaint. https://classroom.thenational.academy/lessons/letter-of-complaint-write-your-own

Suggested afternoon activities for the week (support for your transition to high school)

Monday	Tuesday	Wednesday	Thursday	Friday
The size of the school. Getting lost is one of the main concerns when you start a new secondary school. Here, students from CBBC's Our School, talk about how they got used to the size of their new school and offer	A day in the life of a year 7 pupil. Follow Alfie through a typical day in Year 7 from when he gets up to what happens in class and what he gets up to after school. https://www.bbc.co.uk/bitesize/articles/zmgkf4j	We are year 7. Watch "Our School" which is a documentary series following a group of students as they go from primary school to secondary school. https://www.bbc.co.uk/iplayer/episodes/b06vrs3y/our-	Favourite thing about secondary school. There are so many new and exciting opportunities to look forward to when you start secondary school. Here students from CBBC's Our School share a few of their favourite things from	Coping with classwork. When you start secondary school everything will be new - new subjects, new teachers (lots of them) and new classmates. Students from CBBC's Our School talk about

<p>tips on finding your way round. https://www.bbc.co.uk/bitesize/articles/zbg6kmn</p>		<p>school Discuss any thoughts, feelings, worries and questions that you might have with a trusted adult.</p>	<p>increased independence and lockers, to clubs and after school activities, where you can try something you've never done before. https://www.bbc.co.uk/bitesize/articles/z7b9scw</p>	<p>the exciting new lessons they experienced in their first year and offer advice on how to avoid detention! https://www.bbc.co.uk/bitesize/articles/zbd2cqt</p>

Great Wood is providing you with options and choices to promote learning but does not wish to put undue pressure on children and families at this time. What is suggested will consolidate areas that the children have already covered and when we return to school, teachers will make sure all gaps in learning are filled. Please contact your child's teacher by email if you have questions.
