

Drop Off and Pick Up Guidance from Monday 9th Nov. 2020

When passing on the pavement parents will be closer together, however, when standing waiting 1 metre distance between adults from different households is OK **if it is for less than a minute and you are not talking**, but otherwise 2 metres distance should be maintained. Please stay separate when waiting on premises and also outside school; it will demonstrate to our community that we value the sacrifices they are making staying at home. Thank you.
